DATE: 6 September 2007

SUBJECT: **Traffic Issues Old Cleveland Road and
Bennetts Road Coorparoo**

I am writing in relation to issues raised with me by Mr Barry Wilson who has expressed concerns about the number of vehicles that are crossing the double white line on the corner of Old Cleveland Road and Bennetts Road at Coorparoo.

Mr Wilson indicates that as vehicles turn right into the shopping centre they go across the double white lines and he is of the view that a centre traffic island is required to prevent vehicles from undertaking this illegal action.

I would be grateful if you could investigate this matter on behalf of Mr Wilson and forward a response to my office at your earliest convenience.
